July 2020

After the General Assembly, of which you will find a report and several texts on our website, the countries and houses were closed because of the corona.

Everyone knows the consequences of the dreaded virus, from loneliness to depression and death.

For our work this meant that everything had to be done digitally, both the follow-up of the meeting and other activities.

Once or twice a week Zsolt, Nicole and I had a Skype meeting about the "daily routine".

But there was also another initiative: discussions with the UISG and several national Conferences, via "zoom". We talked to the CONFER from Spain, the CORREF from France and the KWPZM from Poland. Other Conferences have shown their interest and we will certainly continue this project after the summer holidays!

I have visited some webinars (UISG, Chapel, World Church, Ottmaringer Days).

On 6 July we moved from Rue De Pascale to Rue du Progrès in Brussels. Of this - and of our farewell from the Rue De Pascale - a small photo montage.

Sr. Marjolein Bruinen OP  
Secretary General

from Rue De Pascale 4

to Rue du Progrès 333

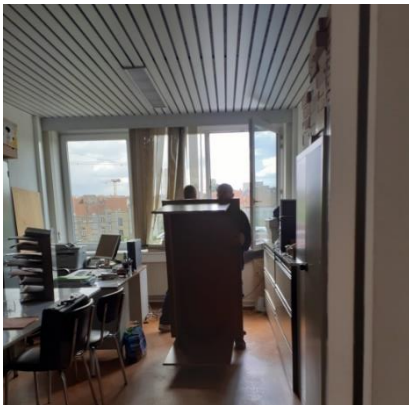

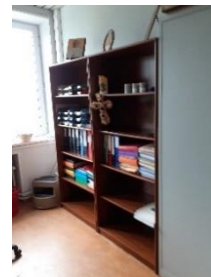

Twice a car had to be towed away and then .....

with the external lift to the fourth floor .....

..... through the window of our neighbours' office

Nicole in full action

But first: farewell in the Rue De Pascale

**This place invites you to come and pay us a visit:  
welcome!**
